A Message from the President

As President of De La Salle High School and as an alumnus, I feel a special regard for the honorees whom we welcome today. All entering the Athletic Hall of Fame share certain admirable traits. They have all taken the gifts that God has given them and have used them in service as representatives of this community.

The student-athletes whom we honor today, both as individuals and as teams, are a prime example. Young as they were, they took on the challenge of being a Spartan, the challenge of not being just good and skilled, but of being responsible and accountable to their classmates and teammates, to their coaches and teachers. They didn't just shine in athletic competition; they integrated their entire person into the process of their Catholic, Lasallian education. They grew as individuals and students, and they have grown into the men we see today.

The De La Salle Athletic Hall of Fame is also a place where we honor the great coaches, mentors, and supporters of our student-athletes. Their leadership and guidance have left a lasting impression on our students, and we are proud to celebrate them today.

I want to offer our enduring gratitude to all who nurture and support our students in their quest to grow and to excel, the coaches, teachers, mentors, supporters, and parents who are committed to our Mission. We say that this school is committed to developing Men of Faith, Integrity, and Scholarship. Today, we see the results of that commitment, as we celebrate a fine group of Spartan alumni for the men they have become and the contributions they have made on and off the field. They thrilled us with their accomplishments in years past, and they truly honor us with their presence today. We are privileged to enshrine all of today's inductees into our Athletic Hall of Fame.

THE 1995 FOOTBALL TEAM

Tradition

The De La Salle Athletic Hall of Fame will consciously seek to mirror the whole history of the growth and maturation of sport at De La Salle by selecting the best of the best from all decades of the school's existence.

And so, in addition to players and coaches, eligible nominees may include athletic department staff members, supporters of sports and even entire teams from a particular year.

Seventeen selectors serve as members of the voting committee to decide who will stand on the podium for each class. They represent all constituencies of the school community, and together they have over 300 years of work experience and association with De La Salle.

Please join in these efforts to identify individuals and teams who have made athletics such a significant part of De La Salle's identity. If you would like to make a nomination, please contact Lloyd Schine III '94, Director of Alumni Relations at 925-288-8171 or SchineL@dlshts.org
